CLEANING & HYGIENE SUPPLIES

NEWLINE - 25 YEARS
NEWLINE - 25 YEARS

A ONE STOP SHOP FOR ALL YOUR
CLEANING AND HYGIENE SUPPLIES

OUR CORE VALUES

Long Standing & Reliable

As a long-established family business, we are dedicated to providing all of our new and existing customers with the very best in customer service, every time. From the moment you place your order with us, we will oversee the safe and efficient delivery of your goods and all aftercare with the utmost attention to detail. We're proud to offer our customers the most competitive range of janitorial products and services on the market.

Tradition for Care

Our fleet of delivery vans and team of highly trained DBS checked drivers, enable us to deliver nationwide. We will deliver your consignment at your preferred time and date, to the exact location on site that you specify to us, taking care of your order from start to finish.

Experts in cleaning

Many of our team have been working in the cleaning and hygiene supplies business for over 10 years. Their experience enables them to confidently advise our customers on the most fit for purpose products for their task in hand. We consider ourselves more than simply box movers, with over 25 years in the industry. We are experts in delivering cleaning supplies and the technical advice that accompanies this.

The latest innovation in cleaning equipment is revolutionising the way we now clean. Innovative, high quality machines can clean a floor, or carpet to a higher standard than before, and save the budget holder up to 80% in productivity. This is changing the way we think about cleaning. If you operate in the Healthcare, education, Facility Management, retail, Industrial or Hospitality sector, we have the right equipment to ensure the highest standard of cleaning is achievable. In fact, using the slip test reader and aTP test kit contained within the i-know kit, we can scientifically prove how effective the cleaning machine is, making the invisible, visible. You can now evidence to your customers, staff and stakeholders how clean your place of work really is.

Service

As supplier of choice to a broad spectrum of industries nationwide, we are selected time and again for delivering the highest quality products and the most cost effective janitorial solutions. Our service is tailored entirely to the needs of your business, whatever the size, sector or specialism. Every customer benefits from the services of both office and field-based account handlers, dedicated to supporting you in the safe and effective running of your business.

The Newline service is totally comprehensive: from carrying out site visits and reports to supplying the best products available and managing budget control. We can also deliver on-site product training for your staff, and expert, up-to-the-minute product advice, dispenser washroom placement consultation and fitting service (subject to terms & conditions).

Product Range & Innovation

Committed as we are to offering our clients the very best quality janitorial products available, we update our product range frequently to reflect the most innovative and cost-effective solutions possible. We stock a comprehensive range of over 2,000 product, which include many leading brands and our own range of Vital products.

Sustainable

Reducing the impact that their operations have on the environment is an immense, but necessary challenge faced by our customers. Newline aims to help businesses face this challenge by providing a range of eco-friendly cleaning products that reduce environmental impact as much as possible.

At Newline we offer a host of effective and environmentally sensitive cleaning products that provide the best performance and value for money.

Forward Thinking

Having recently invested in the latest distribution software, we are constantly seeking new and improved ways to help our customers be to as efficient as possible. Our new website allows customers access to many services, that include Budget reports, COSHH sheets, Training records, Order forms and invoice and POD records, as well as the ability to trade electronically.

Our core suppliers

At Newline we work closely with many of the leading industry manufacturers covering a wide range of products and services. Our extensive relationships with these suppliers, means that we can trust them to support us in recommending the right products and cleaning techniques for your business.

Vital Range

Newline offer an extensive contract range of products, which cover all core aspects of cleaning and hygiene at very competitive prices. This includes our full range of Vital Auto Dose Laundry products. Please see the Laundry section for more details, or ask one of our customer service team for more details.

DISPENSER PLACEMENT SERVICE

We offer a full dispenser placement service, from recommending the right system for your business, through to the fitting of the dispensers. Please contact us for more information.

THE NEWLINE HEALTH CHECK

How do you know if your premises are clean? They may look or smell clean, but how do we actually know? As part of our cleaning health check, we are able to measure this, so you can be sure that your staff members are cleaning the right areas with the correct products and equipment. We provide you with a report at the end, which includes photos and recommendations for you to share with your team in order to continually improve standards.

What is included in the Health check?

Areas

- ✔ Kitchens
- ✔ Laundry
- ✔ Store Cupboard
- ✔ Bedrooms
- ✔ Public Areas
- ✔ Washrooms

Disclaimer – The Newline Health Check is for information only and does not constitute, and should not be used as a replacement for, the company's own monitoring procedures. Reports are based on observations made at the time of the visit, and we suggest that all recommendations are carried out as soon as possible.

What's included:

- ✔ Signage
- ✔ COSHH
- ✔ ATP Swab Testing
- ✔ Slip Tests
- ✔ PPE checks
- ✔ Equipment checks
- ✔ Machinery checks
- ✔ Dispenser checks

Plus much more....

SKIN HEALTH & HYGIENE

SOLUTIONS FROM GOJO

GOJO formulas use the latest advances in the science of skin care. GOJO is known for state-of-the-art dispensing technology, engineered with attention to design and functionality and have complete programmes that promote healthy behaviours for hand hygiene, skin care and, in healthcare environments, compliance.

THE GOJO HAND HYGIENE REGIMEN

Germ on the hands are so easily spread therefore keeping hands clean is one of the most important steps people can take to prevent getting sick and spreading germs to others. GOJO has a comprehensive range of gentle but effective soaps designed to meet the needs of the customer and to encourage hand hygiene.

Hand sanitising is ideal when water or soap is not available or as an additional layer of protection. PURELL® Hand Sanitisers combine exceptional antimicrobial efficacy with clinically proven maintenance of skin health, providing assurance to users of effective germ kill without damaging the skin.

Moisturising is an essential part of a complete hand hygiene regimen. GOJO HAND MEDIC® Professional Skin Conditioner can be used before work, after handwashing and at night to help maintain the skin's natural moisture level.

INNUSCIENCE

About InnuScience:

InnuScience specialises in biological cleaning with an aim to shape green cleaning. With over 25 years of state of the art research and unique biotech formulations, InnuScience has engineered products that offer superior results than that of conventional cleaning products.

How the products work:

InnuScience use Microbes which are nature's cleaners. These enable InnuScience products to efficiently and effectively clean whilst digesting any organic matter, instantly lifting dirt from surfaces. This results in quick acting, deep cleans, with long lasting odour control effects. What's more, InnuScience microbes continue cleaning and penetrating porous surfaces days after cleaning, keeping your surfaces cleaner for longer!

NU – Action 3 1:300

All purpose strong degreaser and floor cleaner. Contains mineral oils from petrol and oil based dirt. For use in a spray bottle, bucket or scrubber dryer.

CLEANING & HYGIENE SUPPLIES

LAUNDRY GUIDE

1. General Guidance

- General Guidance
- Health and Safety
- PPE
- Personal Hygiene
- Effective Hand Washing

2. Sorting Laundry

- Sorting Laundry
- Mobile Bag trolley
- Loading & Unloading
- Dissolve Sacks

3. Effective Washing

Washing

- 1 Do not over load the machine, this will result in a poor wash.
- 2 Select the correct program on the touch pad.
- 3 Select the correct wash program for the load type and temperature required.
- 4 Start the washing machine.

After Washing

- 1 Place items into dryer and select the correct drying temperature and time.
- 2 After drying, remove items from the dryer and iron garments while they are slightly damp.
- 3 Put washed laundry in a clean dry place.
- 4 Keep the machine doors slightly open and keep drums clean.

5. Good Housekeeping

- Disinfection
- Cleaning Tasks
- Pharmaceuticals

How to replace a container:

- 1 To replace the Vital laundry products, check the remaining level of product in the container.
- 2 If the product is empty, it needs to be replaced with a new container of the same product.
- 3 Use the PPE specified by your employer and refer to the MSDS sheets of the product.
- 4 Set a new full replacement of the product in place next to the empty container.
- 5 Loosen cap on full container.
- 6 Remove the cap and tube from old container.
- 7 Transfer cap and tube to the new full container.
- 8 Never mix or add water to any of our products.
- 9 Clean any spills immediately and rinse with water.
- 10 Wash and dry hand thoroughly after changing container.

V-Air® Solid MVP Dispenser – White

The award winning V-Air® SOLID passive dispenser is an air freshener like no other. It provides up to 60 days fragrance in a completely environmentally friendly manner.

Code: A44.110
Pack size: 1 x 1

V-Air® Solid – Citrus Mango

The Citrus Mango fragrance consists of a fruity cocktail of citrus, mango and berries, with punches of lime, peaches and vanilla. The multi-phasing cocktail is subtly wrapped up with a kick of mango musk.

Code: A44.115
Pack size: 1 x 6

V-Air® Solid – Cool Mint

The Cool Mint fragrance begins with cedar and pine, evolving into a cooling herbal aroma. This subtly transforms into a blend of energising wild mint and eucalyptus and touch of lemon spearmint.

Code: A44.111
Pack size: 1 x 6

V-Air® Solid – Ocean Spray

The Ocean Spray fragrance opens with a mixture of clove, jasmine and lemon peel. What subtly follows, is a floral blend blossoming into a wave of soapy, cool marine musk.

Code: A44.113
Pack size: 1 x 6

V-Air® Solid – Cucumber Melon

Cucumber Melon mixes sweet and subtle. A fresh crush of cucumber leads into a calming melon, which leads into an uplifting peach.

Code: A44.112
Pack size: 1 x 6

V-Air® Solid – Apple Orchard

The Apple Orchard fragrance consists of taut apple, with hints of rich clove, cinnamon, nutmeg and finishing with vanilla.

Code: A44.114
Pack size: 1 x 6

NU – Odor Freshness Rtu

INNUSCIENCE FLOOR AND CARPET PRODUCTS

Nu-Action

Nu Action 3 is a concentrated biotech degreaser that removes tough stains, cleans and degreases quickly on all hard floor areas.

Code A39.401 – Nu Fuzion - Nu-Fuzion is a ready to use specialised degreaser that removes accumulations of oil and grease, light graffiti, traces of glue and many other types of stubborn stains. Can be used diluted in an auto scrubber (non foaming).

It safely breaks down heavy build-up of oils, grease, light graffiti and many other types of soil. It performs like a cleaning product specially designed to meet the needs of garage workshops and heavy industry. This high-performance product provides a better alternative to toxic solvents that pose a risk to the user's health.

Code: A34.404
Pack size: 1 x 5L

FLOORCARE MACHINES

i-mop L

**I-Mop Lite: 15" I-Mop Scrubber
Dryer, batteries and charger
included**

The i-mop family cleans up to 70% faster than conventional wet mopping and up to 30% faster than conventional auto scrubbing. The i-mop and its ability to get right to the edge and under obstacles means a virtual elimination of manual operations that are required to supplement conventional machine scrubbing. The i-mop lite has a 500rpm brush speed, and just a 37cm cleaning width meaning not only is it 70% faster than mopping, but it can also reach the places you would typically use a mop.

Part No. 101.002

i-mop XL

**Package with 2 scrub brushes,
2 white batteries, charger**

The i-mop XL represents an opportunity for you to dramatically improve your cleaning and maintenance operations while saving you time and money. As a heavy duty auto scrubber, the i-mop will clean floors up to 70% faster, easier and with better results than you can achieve with traditional wet-mopping. With a 46 cm scrub deck the i-mop XL can be used for small to medium spaces.

Part No. 101.001

i-mop XXL

**Package with 2 scrub brushes,
2 grey batteries, charger**

The i-mop XXL represents an opportunity for you to dramatically improve your cleaning and maintenance operations while saving you time and money. As a heavy duty auto scrubber, the i-mop will clean floors up to 70% faster, easier and with better results than you can achieve with traditional wet-mopping. With a 62 cm scrub deck the i-mop XXL can be used for small to large spaces.

Part No. 101.003

i-gum

**i-gum battery machine, no battery
or charger**

Hardwood, soft floors, fabric, doors, plywood, concrete or steel. The i-gum doesn't care where something is stuck, it will get the job done, no matter which surface it has been stuck to in just 6 seconds.

Part No. 101.004

i-gum

**Day pack, 4 x 2 Litre chemical,
4 spare brushes**

When you aim the brush towards the area you want to have cleaned, the specially designed brush emits a PH Neutral and Safe chemical steam mixture to evaporate the chewing gum, which can then be brushed away. Easy as 1,2,3!

Part No. 101.004C

i-Vac 4B

4B battery backvac, no battery or charger

Don't let your vacuum cleaner cord restrict you. Carry the lightweight and cordless i-vac 4B Move on your back. Allowing you to move with maximum mobility and work efficiently. The backpack vacuum cleaner allows you to cover more than twice the floorspace compared to a normal vacuum cleaner, and is more ergonomically designed.

Part No. I01.010

i-Vac C5

C5 Standard machine

The i-vac 5 is a powerhouse machine that gets the job done. A well trusted name in the community, the i-vac 5 has surprised every user with its proven mobility, design and power. The i-vac 5 is used for office, carpet, household, cabinet, wardrobes, and more cleaning. The detachable power cable, illuminated power switch and the patented Whizzo sound when the bag is full. All of these functions and elements were created and designed with the feedback from users, and their ideas and insights that come from working different machines years on end.

Part No. I01.005

i-Vac C5 Personalised

- Minimum purchase of 36 machines

Brand your i-vac C5 with your logo/colours.

Part No. Please contact your technical adviser for more information

i-Vac C5B

C5B Battery machine, no battery or charger

With all the functionality of the i-vac 5 but with the flexibility of utilising the i-team battery technology. Part of the Plug and Play concept.

Part No. I01.006

i-Vac C6

C6 standard machine

I-VAC C6, from the revolutionary I-MOP range, has been devised and designed in direct response to customer feedback and suggestions; it is self-professed to "change the way you think about cleaning". This compact yet powerful tub vacuum cleaner features I-VAC's regular detachable power cable, patented "Whizzo" sound to indicate a full bag, combined with power reduction when full, and an illuminated power switch. For a minimum purchase of 20 machines, you can have them personalised with your company logo and colour scheme.

Part No. I01.007

i-Vac C6 Personalised

- Minimum purchase of 20 machines

Brand your i-vac C6 with your logo/colours.

Part No. Please contact your technical adviser for more information

i-Vac C9

C9 Battery machine, no batteries or charge

Part of the I-Range from I-Team. The C9 is a battery vacuum part of the I-Range designed for use in most areas whether it be at home or in a business environment.

Compatible with 2 batteries that alternate power consumption between each other to improve battery life and provide up to 80 minutes of running time on a full charge. The outer canister is made from tough, resistant material with no screws or rivets for maximum protection. Complete with a rubber finish your furniture, doors and even the I-Vac itself are protected from any chips, scuffs or noticeable damage. Not only that, the C6 is robust enough for use in contract cleaning thanks to the flexible nylon material used in the floor tool.

Part No. I01.008

i-Vac 30UR

Upright vacuum machine

Vacuuuming on another level. Years of innovation and development have perfected the i-vac series, and the 30UR series is the culmination of feedback from the cleaning industry. The ergonomic handle, inspection door for blockages, soft rear castors with ball bearing, the equipment tag and the Whizzo indicator, complete this beautiful machine.

Part No. I01.009

i-scrub 21B

i-scrub 21B battery package machine, including batteries & charger, brushes and pad holders

Double disc action with the flexibility to even scrub areas in a vertical position. Equipped with an adjustable head & 360° of free-range motion. With a powerful engine that achieves 400 RPM using two discs, it's a brilliant machine that allows the user to scrub any surface with extreme power. You can manually dose your solution with the push of a button. Easily converts into a handheld unit for polishing, powered by Li-ion battery technology for the same power. Ideal for washroom rooms and wet rooms, and hard to reach areas that need the benefits of mechanical action cleaning.

Part No. 101.011

i-scrub 21B

i-scrub 21B Handy model, including batteries & charger

Ideal for washroom rooms and wet rooms, and hard to reach areas that need the benefits of mechanical action cleaning.

Part No. 101.012

i-scrub 30EM

i-scrub 30, cabled model including brushes and pad holder

Single-disc scrubbing has never been easier. Advanced orbital technology is based on 1650 RPM which simulated an orbital movement with no sideforces, so everybody can operate it without training. The i-scrub 30EM is a nifty machine with a lot of power. The water tank on top ensures you can mix in your chemicals to perfection. To prevent damage to furniture and walls, we've created a rubber bumper for you to work freely!

Part No. 101.013

i-scrub 30B

i-scrub 30B, battery model including brushes and pad holder, no battery or charger

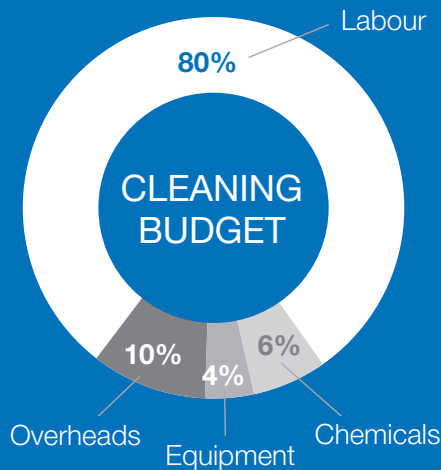

The battery version of the i-scrub 21 is the i-scrub 21B. Giving the user all the same cleaning capabilities of the cabled version, but with the flexibility the battery technology offers. You can quickly and efficiently go from area to area giving hard floors surfaces a really deep clean. A great machine for restoring ground in dirt on hard floor surfaces.

Part No. 101.014

Labour savings

From industry information, we know that the cleaning budget is made up of 80% labour, 6% chemicals, 4% equipment and 10% overheads. Switching from manual to mechanical solutions can achieve savings of up to 50% – 80% in cleaning time. Through our partnership work with the customer we can help the staff to be more productive, use better quality equipment and achieve better results.

SAVE UP TO 50-80% IN CLEANING TIME

I-mop savings – if you mop an average size kitchen 5 times per day taking 15 minutes, the i-mop will save you £2,500 per year over a traditional mop and bucket.

TUB VACUUM

Numatic NVR200

Numatic NRV200 230v Red

This high performance vacuum cleaner's powerful motor and three stage filtration system is perfectly suitable for commercial use with its folding carry handle, simple to use dust bags and its unique rewind and storage system. The Numatic NRV200 also features ProFlo technology for reduced energy consumption without hindering performance on carpets and hard floors. Its reliability and ease of use has been proven time and time again.

Part No. B78.005

Truvox VTVE

VTVe A energy rating tub vacuum, with HEPA 13 filter

The VTVe is a high-performance, compact tub vacuum that has an A energy rating. This dry tub vacuum is ideal for nursing homes, offices and education facilities. The VTVe is designed to be compact and includes brush and crevice tools for improved cleaning in hard to reach and confined areas. Featuring a 3-stage filtration, including a HEPA 13 filter, the VTVe provides a high filtration of all particles that are 0.3 microns and larger, and the machine only weighs 6kg.

Wet/dry professional vacuum cleaner which is easy to use, robust and has optimal suction power. LSU product family has a modular design with different tank capacities and motor quantities. Tank capacity for LSU 135 is 35 litres and it has one motor. You can choose stainless steel tank or red plastic tank. Includes: crevice tool, round dusting brush, wet pick-up tool and dry pick-up tool. Easy to use and service, Optimal suction power,

Part No. 101.018

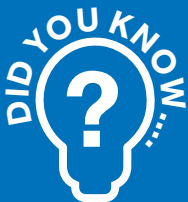

Viper CEX410

Viper CEX410 Medium Carpet Extraction

A professional self-contained and silent carpet extractor, with excellent cleaning performance that can maintain textiles like carpets and upholstery in an efficient and easy way. The powerful vacuum motor ensures fast dry-time and is equipped with large capacity tanks; 35L solution and 23L recovery made of ridged, chemical resistant and environmentally friendly polyethylene. Easily adjusted handle to obtain an ergonomic working position. Easy to maintain and service, with no tools needed. Manual upholster or floor tool accessories available.

Part No. 101.022

The addition of a deodoriser to the cleaning solution will make the cleaning smell fresh during the drying process and by using a neutraliser, it will also break down any bacteria which might be present.

A prespray (or pre-treatment) applied to the more heavier soiled areas of carpets, prior to cleaning, improves the cleaning result expeditiously. It is fact the "Cleaner".

The carpet manufacturing industry recommend regular dry extraction with an upright vacuum cleaner in preference to a tub vacuum, as the brush helps release more dry soil.

CARPET CARE

Envirodri Gen4 Dry Carpet Cleaning Machine

The Envirodri system is one of the most efficient and environmentally responsible ways to clean all types of carpet without the use of water. To be used in conjunction with Pro 40 Envirodri Microsponges.

Suitable for both spot and deep cleaning schedules and enables facilities to maintain their flooring without disruption to daily activities.

The system cleans using 100% biodegradable, natural, soft, sponge-like particles. After use, simply vacuum to reveal clean, odour-free and dry carpeting.

Part No. 101.023

Envirodri Microsponges 10kg

Used in conjunction with the Envirodri GEN 4 Dry Carpet Cleaning Machine or a carpet brush.

Part No. 101.023P

The Bissell BG10 provides commercial deep cleaning and is ideal for cleaning large carpeted areas. It has two powerful motors and a patented DirtLifter power brush, two large capacity water tanks, and adjustable handle and easy-clean brush roller included. Cleans whilst moving both forwards and backwards, cutting cleaning time in half and has powerful edge-to-edge suction.

Features & Benefits:

- Both forwards and backwards cleaning.
- 8m extension cable and 15m reach.
- 1 year warranty.
- 2 powerful motors.
- 2 Large water tanks.
- Easy clean brush roller.
- DirtLifter power brush.
- Edge-to-edge suction.
- Sold individually.

Part No. B78.707

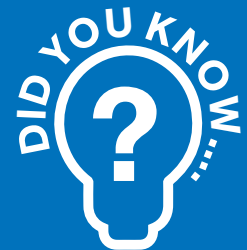

Prochem Fivestar Machine

Fivestar Upright self-contained power brush carpet, floor & upholstery cleaning machine is a highly compact and portable high performance machine. Its upright extractor enables any operator to achieve professional results and quick drying with the minimum of effort. It can also clean fabric upholstery with the optional upholstery tool as well as hard floors, tiles and grout with the built in 'All-Floor' feature. A completely self-contained design, combining a powerful pump and vacuum system with a power driven self-adjusting brush, means that there are no hoses or wands to attach.

Part No. 101.021

Change the way you think about cleaning floors. If you're a Care Home, FM Company, Leisure Centre, Hotel or Restaurant, take time to consider how much labour time and effort your business puts in maintaining the floors, when the results could be achieved far easier, with improved staff engagement and results, using the latest correct from your local cleaning and hygiene supplies partner. Think about what happens when you mop a floor. You take the dirty from the floor, rinse the mop in the bucket, then re-apply the same mop and solution back on to the floor, constantly transferring dirty water between the floor and the bucket. Is this effective cleaning?

ROTARIES – 16" MACHINES

Nilfisk FM400

Nilfisk FM400 H 230V High Speed polishing machine

Ideal for high-speed polishing, scrubbing and spray cleaning of hard floors. The balance is excellent and the solid aluminium construction provides durability and extended life. The FM400 H is capable of a wide range of cleaning tasks: an ideal performance at an affordable price. Improved ergonomic features enables ease of use and transportation, such as the ergonomic handle, trip fuse, 15m cable and robust construction. Part No. **101.027**

Truvox MW340

Scrubber dryer, 4 litre tank/ pump & 34cm cleaning width. Includes 2 standard brushes

High-speed productivity, Highly effective on "difficult" floors including, Non-slip safety floors, Low pile carpets, Escalators and travelators, Entrance matting, Excellent manoeuvrability and productivity, Quiet in operation, Accessible and removable tanks for fast filling and emptying, Leaves floors ready to walk on in minutes, Choice of brushes for normal, maintenance cleaning or intensive scrubbing.

Part No. **101.028**

Transporting a bucket of solution, or pump up sprayer, wherever you need to clean can be tedious, difficult and time consuming, with more chance of spillages and overuse of solution.

Jet solves these problems, the on board chemical injection gives you an incredible deep clean up to 3m / 10ft high. Now you can spray on demand with precisely the amount of chemical you need, when you need it. Boasting all the features of the MS2000 with added spray function completely removes the need for a separate bucket with chemical.

PRECISION ENGINEERED IN THE UK FROM THE HIGHEST QUALITY COMPONENTS

EFFECTIVE CLEANING

The reliable high torque motor allows for fantastic washing, polishing, cleaning and results up to 3m high.

4 HOURS RUNTIME

A real workhorse with an impressive 4 hours runtime from one charge. Taking only 8 hours to fully re-charge.

LIGHTWEIGHT

Weighing only 1.75kg (4.75kg with the harness) it is extremely lightweight to use yet heavy duty in its construction.

UK MANUFACTURED

Using the highest quality, durable components every MotorScrubber is proudly manufactured in the UK.

CORDLESS

Super portable, you can use it anywhere; stairs, swimming pools, motor vehicles, it's ideal for all hard to reach areas.

100% WATERPROOF*

The MotorScrubber is 100% waterproof and submersible in water with no shock risk due to its extra low safe voltage

*Guidelines Apply

STEAMERS – STEAM ONLY

Duplex Machine 340 Floor Cleaner Steam Machine

The Duplex 340 Floor Steam Cleaner, with a cleaning width of 340mm (13), gives 'right to the edge' cleaning on all floor surfaces, alongside walls and into corners. The Duplex 340 Steam Floor Cleaner is effective for cleaning carpets, Polysafe, Altro, Marley, Tarkett, Flotex, Timbersafe, contract carpet tiles, safety floors, non-slip resin floors, sports safety floors plus many more. Also available in larger cleaning widths for those bigger cleaning tasks.

Part No. **B78.100**

Duplex Janitor 6 Janitorial Steam System (6 Bar)

The Janitor 6 comprises of a powerful steam cleaner called a Jet Steam Professional, Janitorial Trolley and Steam Mop supplied as one for a convenient cleaning solution. The Jet Steam Professional steam cleaner is a robust and efficient continuous flow machine which means that there is no downtime for refilling. This is due to the fact that this model has a boiler and a reserve tank so there is no need to de-pressurise to re-fill and lose valuable cleaning time.

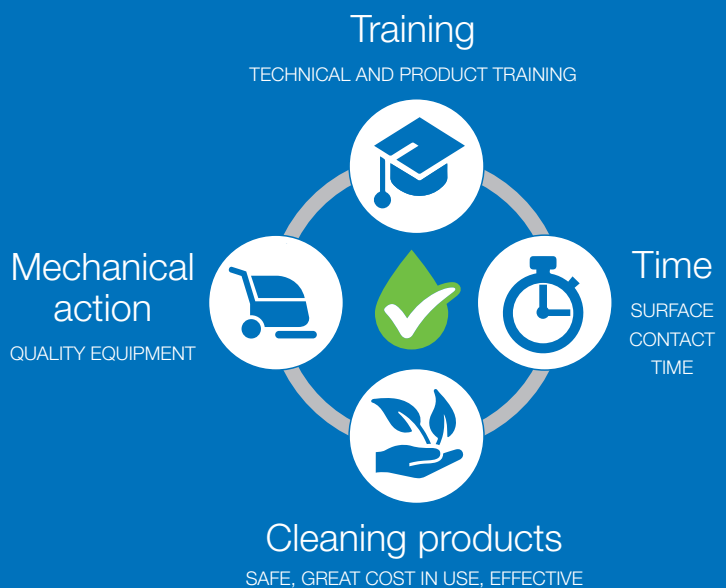

Part No. **101.029**

WHAT DOES EFFECTIVE CLEANING NEED AND HOW DO YOU MEASURE THIS?

At Newline, we like to partner with our customers to help them make the best cleaning choices for their business. How to select the right refuse sack

01 CHOOSE YOUR SACK TYPE

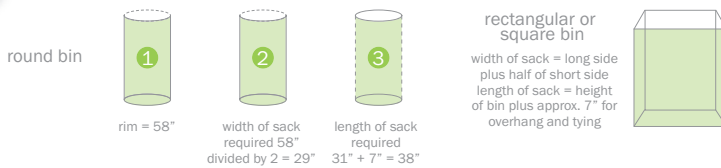

02 HOW TO MEASURE A REFUSE SACK

to measure your refuse sack please follow these simple instructions:

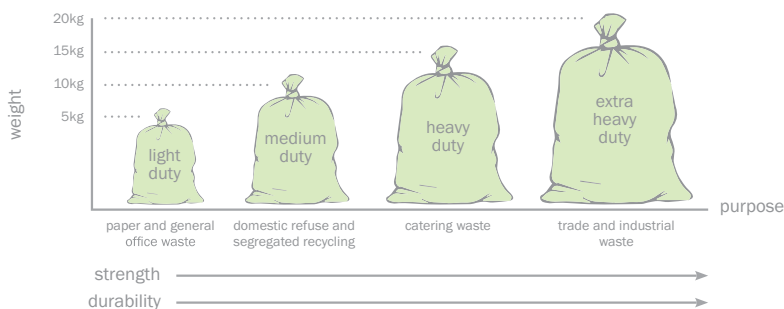

03 CALCULATE THE SIZE YOU NEED

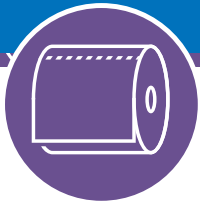

Please note - the face width measurement in the product table overleaf is not required when calculating the size of the bag you need. This indicates the bag is gusseted.

04 CONSIDER YOUR WEIGHT REQUIREMENT

Consider what kind of content will go into your refuse sack

INNUSCIENCE

About InnuScience:

InnuScience specialises in biological cleaning with an aim to shape green cleaning. With over 25 years of state of the art research and unique biotech formulations, InnuScience has engineered products that offer superior results than that of conventional cleaning products.

How the products work:

InnuScience use Microbes which are nature's cleaners. These enable InnuScience products to efficiently and effectively clean whilst digesting any organic matter, instantly lifting dirt from surfaces. This results in quick acting, deep cleans, with long lasting odour control effects. What's more, InnuScience microbes continue cleaning and penetrating porous surfaces days after cleaning, keeping your surfaces cleaner for longer!

NU – Cycle 7 Washing Up Detergent

Hand washing up liquid. Fragrance-free concentrated detergent. Labour saving and quick results.

Code: A30.400
Pack size: 1 x 5L

NU – Cycle 4: Soaking Agent (Ware Wash)

Newline Terms & Conditions

1.1 In these Conditions the following expressions shall have the following meanings:

1.1.1 "Additional Items" means the following were incurred:

- (i) Packaging costs under conditions 7.3;
- (ii) Any taxes (including value added tax), duties or other charges levied by any governmental or other authority in respect of or by reason of the sale, delivery, export or import of the Goods or any part thereof but excluding taxes assessed on profits or gains;
- (iii) Transportation costs under Condition 7.1 where the Customer has requested express, same day, overnight delivery or any other similar service or an additional £10 where the price payable (exclusive of Value Added Tax) is £50 or less;
- (iv) Storage costs under Condition 7.4;
- (v) The cost of samples under Condition 3.5;

1.1.2 "Contract" means the quotation, these Conditions of Sale, and any other document incorporated in a contract between the seller and the customer;

1.1.3 "the customer" means any person firm or company receiving a quotation from and/or placing an order with the seller;

1.1.4 "Delivery/Period" means 10 working days after the estimated delivery date;

1.1.5 "Goods" means all and every item of goods or part thereof supplied by the Seller and where relevant includes any work carried out by the Seller on items supplied by the Customer;

1.1.6 "Seller" means Newline and reference to the acknowledgement, consent, authority or agreement of the Seller shall mean acknowledgement, consent, authority or agreement in writing signed by a Director of the seller;

1.1.7 "Transgression" means any breach of contract or tort or any other act, default, omission or statement of the Seller, its employees, agents or subcontractors in respect of which the Seller is liable to the customer;

1.1.8 "Warranty Period" means 1 month from the date of delivery.

2. GENERAL

2.1 These Conditions apply to all contract for sale of Goods by the seller and supersede any previous Conditions of Sale published by the Seller. No additions or modification to or terms or conditions inconsistent with these. Conditions shall be binding upon the Seller unless agreed by the Seller in a document referring to a modification, alteration, variation or addition of or to the relevant Condition or Conditions.

2.2 All brochures, catalogues, price lists, samples, particulars or dimensions and other advertising or descriptive material submitted to the Customer are intended to be approximate only and to give a general impression of the Goods. Unless expressly incorporated the same shall or form part of the Contract. In particular, price lists are only of a limited duration and Customers should check the validity of any price lists in their possession before relying on them. The Seller reserves the right to make alterations to the design specification or source of manufacture of the Goods without prior notification to the Customer provided the Goods are of equivalent quality and perform the same function.

2.3 The Customer shall be responsible for complying with any legislation or regulations (of the United Kingdom or any other country) governing the export and import of the Goods into the country of destination (and any other country through which the Goods pass in transit) and for the payment of any duties thereon. The Customer shall fully indemnify the Seller against any fines, penalties, costs, claims, damages, losses and the expenses suffered by the Seller as a result of the Customer failing to comply with the Clause 2.3.

3. QUOTATION AND ORDERS

3.1 No contract for the supply of Goods will be created by the acceptance of a quotation or an order until the Seller acknowledges the order or commences work on the order.

3.2.1 The Seller may refuse to accept any order based upon a quotation if the quotation is open for acceptance in an unlimited period:

3.2.2 Where any order is based upon the standard price list of the Seller then, subject to Condition 3.3 the price shall be valid provided that delivery is to take place

within 30 days from the date of order.

3.3 The Seller reserves the right to increase the price quoted per unit for Goods if the Customer orders less than the number of units upon which the quotation was based or if the Seller's supplier's price increases.

3.4 The Seller reserves the right to increase or decrease the number of items in the Goods to be supplied by a variation not exceeding 5 per cent and to make an appropriate increase or decrease (as the case may be) to the price.

3.5 Any samples submitted with the quotation or at the Customers request must be returned within 90 days of receipt and if not so returned the cost of samples be added to the Contract price or invoiced separately.

3.6 The Seller reserves the right to make any changes in the specification of the Goods which are required to conform with any applicable safety or other statutory requirements or, where the Goods are to be supplied to specification, which do not materially affect their quality or performance.

4. PRICE AND PAYMENT TERMS

4.1 Unless otherwise stated any Additional Items shall be added to the price or may be invoiced separately.

4.2 Payment in full (without any deduction by way of set off or counter claim) for the Goods (and Additional items if any) shall be due and payable in POUNDS STERLING within 30 days of the date of the Seller's invoice.

4.3 The Seller reserves the right to charge interest at 8% above the Barclays Bank base lending rate for the time being on or any overdue payments until repaid in full.

4.4 The Seller reserves the right to recover from the Customer all direct expenses reasonably incurred by the Seller in the collection of any overdue sums.

4.5.1 Without prejudice to any other rights of the Seller, if there is reason to doubt that the amounts due from the Customer under the terms of the Contract will be paid in full according to the terms thereof, then the seller reserves the right to require payment in full before delivering or performing any other work or services whatsoever for the Customer;

4.5.2 The Customer shall indemnify the Seller against all losses sustained or extra expenditure incurred as a result of such a suspension of ordering, delivery or other work or services including a reasonable allowance for storage;

4.5.3 Where payment requested in accordance with this Condition is not received within 30 days of date of the invoice, the Seller reserves the right to sell or dispose of the Goods produced for the Customer and to recover any additional loss from the Customer.

5. TITLE

5.1.1 Legal ownership of the Goods is to remain vested in the Seller until both the Goods and any Additional items have been paid for in full, and until full payment has been received by the Seller under any other contract with the Customer for which payment is outstanding;

5.1.2 If the Customer obtains possession of the Goods prior to such payment, the Customer shall hold the Goods in a separate and identifiable form as bailee and fiduciary agent for the Seller;

5.1.3 Failure to pay the full amount when due shall give the Seller, or its employees or agents, the right to repossess the Goods (and enter the Customer's premises for that purpose if necessary) with or without notice and without liability and, at its option, to avail itself of any other legal remedy;

5.1.4 The Seller shall have the right to sell the Goods once they have been repossessed under this Condition.

5.2 Notwithstanding this Condition 5, the Seller shall be entitled to maintain an action for the price of the Goods and Additional items at any time after the date when payment is due.

5.3 The Customer may contract to sell the Goods to a third party in return for valuable consideration provided always that the Customer shall account in

a fiduciary capacity to the Seller for the proceeds of sale (to the extent of the Customer's indebtedness to the Seller) keeping the same separate and identifiable from its other monies. The Customer's rights under this Condition 5.3 shall cease if an event specified in clause 9.1.1 occurs to the Customer.

5.4 If prior to payment in full being made the Goods become comingled with similar goods belonging to the Customer and/or any third party the Customer shall hold the Seller's proportion of the comingled Goods or their proceeds of sale on trust for the Seller. The Seller shall be treated as a tenant-in-common of the comingled goods and the Customer shall hold as trustee for the Seller's proportion and (if the comingled goods have been sold) pay to the Seller its due proportion of the proceeds of sale.

5.5 Where the Goods are attached to either buildings or plant machinery of the Customer, the Customer agrees that it is not its intention that the Goods thereby become fixtures and fittings or part of the plant or machinery, but the Goods shall remain as chattels and be severable from the buildings or plant or machinery.

6. RISK CARRIAGE PACKAGING AND STORAGE

6.1 Where no specific instructions about the matter in which the Goods are to be delivered to the Customer or the delivery address are given, the Seller reserves the right in its absolute discretion to choose the means of carriage to the Customer and to direct the Goods to the Customer's last known business address. Any such specific instructions must be given to the Seller at the time or order and where such specific instructions are given the Seller reserves the right to charge for delivery.

6.2 In the case of sales where the Seller delivers directly or contracts directly with the carrier then the Seller will repair or (at its option) issue a credit note in respect of Goods lost or damaged in transit (other than by default of the Customer), provided that:

6.2.1 The customer specifies on the Carrier's Consignment Note details of such loss or damage; and

6.2.2 In respect of complete non arrival of all of the Goods comprised in the Contract notification is made to the seller within 7 days of the date of dispatch of the Goods and separately to the carrier within the period stipulated by the Carrier's terms of carriage for claims against the Carrier; and

6.2.3 In respect of damage to all or part of the Goods or loss of part of the Goods comprised in the Contract notification is made to the Seller within 5 days of delivery of the Goods and separately to the Carrier within the period stipulated by the Carrier's terms of carriage for claims against the Carrier. On request, the Seller will inform the Customer of the name and address of the Carrier and any time limit for claims, stipulated by them.

6.3 If it is necessary to despatch Goods in crates, cases, pallets the Seller reserves the right to charge for packaging. The amount charged for packaging will be credited in full to the Customer if the packaging is returned in good condition within 1 month of delivery.

6.4 Once the Goods are ready for delivery the Seller shall be entitled to invoice and be paid for the goods as if they had been delivered if for any reason the Customer does not arrange for or accept delivery. The Seller shall arrange storage for the Goods and the cost of storage shall be added to the Contract price.

6.5 Where the Goods are to be delivered in instalments, each delivery shall constitute a separate contract and failure by the Seller to deliver any one or more of the instalments in accordance with these conditions or any claim by the customer in respect of any one or more instalments shall not entitle the customer to treat the Contract as a whole as repudiated.

7. JURISDICTION

7.1 The Contract shall be governed in all respects by English Law and be subject to the sole jurisdiction of the English Courts.
